

bucket design Cory Grosser, 2007

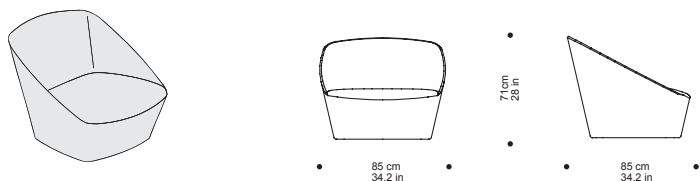

The Bucket system offers a three-seat sofa, an armchair and an ottoman. The items are made of polyurethane foam with a tubular steel frame. A low density foam rubber insert makes the seat more comfortable. Upholstery is available in all the fabrics or leathers shown in the sample book. Top-stitching is available upon request. Upholstery is technically removable.

Il sistema Bucket offre un divano a tre posti, una poltrona e un poggiatesta. I prodotti sono in schiuma poliuretana rinforzata con un telaio in tubolare d'acciaio. Sulla seduta un inserto in gomma a densità ridotta garantisce un miglior confort. Rivestimenti in tutti i tessuti e pelli da campionario. Cuciture a contrasto a richiesta. Rivestimento tecnicamente sfoderabile.

Le système Bucket offre un canapé trois places, un fauteuil et un repose-pieds. Les produits sont en mousse polyuréthane renforcée par une structure en tube d'acier. Sur l'assise, un insert en caoutchouc à densité réduite garantit un plus grand confort. Revêtement disponible dans tous les tissus et cuirs du nuancier. Coutures contrastantes sur demande. Revêtement techniquement déhoussable.

Das Bucket System besteht aus einem 3er-Sofa, einem Sessel und einem Fußschemel. Alle Produkte aus Polyurethanschaum, verstärkt mit einem Stahlrohrrahmen. Eine Schaumgummieinlage niedriger Dichte am Sitz sorgt für besseren Komfort. Bezug in sämtlichen Stoffen und Leder nach Katalog. Kontrastnähe auf Wunsch. Bezug abziehbar.
